

Dunster Community Association
General Delivery
Dunster BC V0E 2Z0

Date: July 4, 2025

To

Board of Directors

Regional District of Fraser Fort George

The Dunster Community Association engages the community in social events, maintains community assets such as the Community Hall, Museum and the picnic site. It runs the summer and winter markets and advocates for the community.

We are in the midst of the Dunster Farmland project to

- develop a shared vision for the community,
- partner with other rural communities, organizations and academic institutions to learn and share resources to preserve farmland,
- attract young families and
- maintain the vibrancy of rural communities.

To inform visitors, locals and wanna-be locals, the Dunster Community Association is planning to build a website to share information about the community, local attractions, events and resources useful to residents.

For this purpose, we are looking to apply to the NDIT Marketing Initiatives grant.

To apply for this grant to NDIT, we require support for this project from the Regional District in the form of a resolution stating *THAT*,

the Regional District of Fraser-Fort George supports the application to Northern Development Initiative Trust from the Dunster Community Association for its Website Outreach project.

Sincerely

Loretta Simpson

President

Dunster Community Association
