DECISION OPTIONS:

1. Approve recommendation.
 - report will be received for information.

COMMENTS:

The annual report was prepared in compliance with the Operational Certificate MR-01697. A copy of the report is attached.

Highlights of the 2024 operating year include:

- a total of 97,134 tonnes of material was managed at the Foothills Boulevard Regional Landfill facility.
- 19,322.3 tonnes of material received at the Landfill were diverted through recycling or used onsite use as cover material.
- approximately 70,552 tonnes of waste was buried at the facility from January 1, 2024 to December 31, 2024.
 - Out of the 70,552 tonnes of waste buried at the facility, approximately 1,697 tonnes of waste was received from Mackenzie Regional Transfer Station.
- 6,471 tonnes of yard and garden waste were received in 2024 and a total volume of composted material sold in 2024 was 6,086 cubic meters.
- annual groundwater monitoring efforts continued in 2024 with two separate sampling events. Overall, sampling results from 2024 are relatively consistent with results from previous years.
- based on the Volume and Site Life Assessment, the estimated lifespan of cell #1 will likely not extend beyond 2028.

Respectfully submitted,

“Laura Zapotichny”
