Hi Heather,

A boundary adjustment subdivision is proposed between two properties located a Brule Lake and Murch Lake as shown on the attached map.

The northern proposed lot is land locked with current access across a channel connecting the two lakes.

The Provincial Approving Officer will approve this subdivision with the northern lot being "Access By Water Only".

For this reason, the Regional District Board is being requested to waive the 10% frontage requirement in Zoning Bylaw No. 2892

I have attached a basic sketch of the properties noted.

If you require anything further please let me know.

Sincerely,

Arianna Evans [REDACTED]
